State of Readiness/COVID-19

Bourne Fire/Rescue & Emergency Services continues to monitor the Coronavirus Disease 2019 (COVID-19) and its potential impact on the Town of Bourne. We are presently monitoring all updates from the Bourne Board of Health, the U.S. Centers for Disease Control and Prevention, as well as the Massachusetts Department of Public Health. The Department is prepared to respond to local COVID-19 cases and has taken all available precautions to protect our emergency responders and the community.

The Fire Department business office in Sagamore Beach remains open however we have implemented temporary changes in the processing of permits and routine business to facilitate necessary social distancing during this outbreak. Please call the business telephone line or visit <https://www.townofbourne.com/node/2106/news> for further information.

As always, in the case of an emergency please dial 911.
